Everything Has Changed

You must be a Genius to make it to the final step, but you will need to be more well-*versed* to end this lyrical game.

“Reputation precedes me, they told you I’m crazy
So here’s the truth from my red lips
The truth is, it’s easier to ignore it, believe me
I’ve made mistakes and made some choices, that’s hard to deny
And you understand the good and bad end up in the song
I hit you like bang, we tried to forget it, but we just couldn’t
Reputation precedes me, in rumors, I’m knee-deep”
