

§ Nowhere To Be Found

We have yet to track down her secret hideout. This wild-geese chase has us running in circles and we've only found things that slightly resemble geese. How could we have missed it?

Hopefully these last few remaining clues will provide the missing links:

1. Brisk tempo
2. Southernmost of the seven
3. Unconventional lead
4. Zoboomafoo's snack, alternatively
5. Card holder
6. Marked by an "X," sometimes
7. Hellish places
8. Period between conflicts
9. Renaissance man, to his friends
10. Vocabulary
11. String collection?
12. Generalization
13. Presidential power
